Who We Are

Sessian & Associates is a results-driven, relationship-focused commercial law firm delivering top-tier legal services and exceptional value to private and commercial clients. Our clients include multi-national corporations, listed entities, private companies, and high net worth individuals.

By focusing on our clients' long-term success, taking the time to understand their unique circumstances and providing advice that is proactive and commercially sound, we become a true business partner with our clients.

We undertake transactional and litigious corporate and commercial work across a broad range of markets and industries.

We regularly provide services to people and organisations referred by other law firms and professional contacts.

Services

Commercial Litigation
